

11th September 2026

Dear Families,

We are delighted to invite you to our Year 6 Open Evening on Tuesday 29th September, from 4.00pm to 7.00pm, a wonderful opportunity to discover what makes Abbey College such a special place to learn and grow.

Our Headteacher, Mr Christoforou, will deliver three short presentations at **4.00pm, 5.00pm and 6.00pm**. You will hear about our vision, values and the exciting journey that awaits your child at Abbey College. After the presentation, you can tour the school, meet our staff and students, and see what makes us such a vibrant community.

Major building work is underway, and due to be completed within the next 18 months. While this work is under way, we must limit the number of visitors in some areas at any one time. To make the evening more comfortable, the presentations will be shorter than usual. This will give families more time to tour the school and meet our staff and students. Staff and senior leaders will remain available if you have any questions that have not been covered.

Please book your place [here](#).

As you tour the College, you will be able to explore our wide range of subjects, take part in exciting science experiments, experience fitness testing and listen to fantastic live music from our students. Our team of teachers, governors and students will be available throughout the evening to answer your questions.

At Abbey College, we are proud to be at the heart of our community and to provide an excellent education for all our students. Our last Ofsted inspection stated: *"Pupils are actively involved in the wider community. Pupils gain resilience and confidence. They talk with pride about the additional skills they learn that prepare them well for their adult lives."*

If you are unable to attend a presentation, our senior leaders will be available throughout the evening to answer your questions.

We look forward to welcoming you on Tuesday 29th September. We are excited to share how Abbey College can be part of your child's future and how you can be part of our mission to deliver excellence for all.

Yours faithfully,

Siobhan Dowd
Assistant Headteacher
