- A. Physical Intervention Reporting Form
- B. Physical Intervention Log

Statement of intent

Abbey College believes that it is important to establish a safe, secure and stable environment to enable pupils to grow, develop and learn. To achieve this, the school recognises that, in certain circumstances, physical intervention is necessary.

The school understands that behaviour is often a means of communication which may signal that a pupil is in need of support but does not know how to express this; therefore, the school takes a proactive approach to anticipating, managing and minimising potential triggers of distressed behaviour that may cause harm.

This policy acknowledges that situations may arise in which staff members will be required to use physical intervention to ensure the safety of a student/s or a member of staff/ other adult.

The aim of this policy is to ensure that physical intervention is used in a correct and safe manner, which is in accordance with the relevant legislation and national guidance.

1. Legal framework

This policy has due regard to all relevant legislation including, but not limited to, the following:

- The Education Act 2011
- The Children Act 1989
- The Equality Act 2010

This policy has due regard to the following guidance:

- DfE (2013) 'Use of reasonable force in schools'
- DfE (2018) 'Working Together to Safeguard Children'
- DfE (2023) 'Keeping children safe in education 2023'
- HM Government (2019) 'Reducing the Need for Restraint and Restrictive Intervention'

This policy operates in conjunction with the following school policies:

- Behaviour Policy
- Allegations of Abuse Against Staff Policy
- Special Educational Needs and Disabilities (SEND) Policy
- Disciplinary Policy and Procedures
- Complaints Procedures Policy
- Staff Code of Conduct
- Reporting Low-level Safeguarding Concerns Policy
- Child Protection and Safeguarding Policy

2. Roles and responsibilities

The Governing Body is responsible for:

- Monitoring the overall implementation of this policy.
- Evaluating on an annual basis instances of physical intervention to analyse how and when reasonable force is used and identify any trends.
- Reviewing this policy on a biannual basis.
- Responding to any complaints, in liaison with the Headteacher, from pupils or parents regarding the use of physical intervention.

The Headteacher is responsible for:

- Deciding whether members of staff require additional training to enable them to carry out their responsibilities, considering the needs of pupils.
- Handling any allegations of abuse in line with the Allegations of Abuse Policy.
- Maintaining the records of any physical intervention used.
- Ensuring that any member of staff who uses physical intervention completes the [Physical Intervention Report Form](#).
- Responding to any complaints, in liaison with the Governing Body, from pupils or parents regarding the physical intervention.

The SENCO is responsible for:

- Providing training to members of staff on how to handle the needs of pupils with SEND.
- Ensuring staff understand how pupils with SEND may react differently to physical intervention.
- Ensuring that staff understand the additional vulnerability of pupils with SEND or medical conditions.
- Developing individual risk assessments for pupils with SEND or medical conditions that are agreed with the pupil's parents, and ensuring teaching staff are aware of these.
- Reviewing on an annual basis how physical intervention is used with regard to pupils with SEND.

The DSL is responsible for:

- Providing staff with annual reasonable force training where the Headteacher deems it necessary.
- Ensuring all members of staff use physical intervention in accordance with this policy.
- Reviewing this policy in liaison with the Headteacher and Governing Body.

3. Definitions

For the purposes of this policy, '**physical intervention**' is used to refer to any situation in which physical contact with a pupil is necessary – this includes reasonable force, e.g. to defuse a situation in which a pupil is at risk of harming themselves or others.

For the purposes of this policy, '**positive handling**' is defined as the overall, graduated approach of responding to pupils' behaviour and emotions with the intention of protecting pupils and staff, and limiting damage to others and property. Positive handling adapts the least intrusive intervention techniques in response to situations, before using gentle physical intervention and reasonable force as a last resort.

For the purposes of this policy, '**reasonable force**' is considered to refer to a broad range of actions that may be used to control or restrain a pupil to prevent that pupil from hurting themselves or others, from damaging property, or from causing disorder. Reasonable force covers force that is necessary and proportionate to the circumstances.

There are two key types of reasonable force:

- '**Control**' – actions used in an attempt to direct a pupil's movements; this includes passive physical contact, e.g. standing between pupils, or active physical contact, e.g. leading a pupil out of a classroom by their arm.
- '**Restraint**' – actions used in an attempt to physically bring a pupil under control. This type of force is typically used in more extreme circumstances, e.g. where two pupils are fighting and refuse to separate, causing staff to intervene to hold them back from one another physically.

4. Positive handling

The principle of positive handling means that the school expects staff to assess whether the incident requiring a response can be resolved without physical intervention.

Where possible, the school implements an approach of prevention, where staff will be trained in recognising warning signs of severe pain or distress and/or aggressive behaviour, communicating empathetically with pupils displaying such signs to aid them in regulating their emotions, and altering their environment to minimise distressing stimuli.

Teaching staff will be aware of the behavioural patterns, medical conditions and levels of need of pupils in their class, and will ensure that incidents of disruptive or aggressive behaviour in the classroom are handled in line with individual pupils' needs.

Staff will not generally resort to physical contact or reasonable force immediately without first questioning whether there is a need to use physical intervention. Staff will question whether:

- Verbal de-escalation can be attempted.
- There are actions that can be taken to remove triggers from pupils, e.g. dimming the lights and encouraging quiet where a pupil is having a meltdown in response to sensory overstimulation.
- The pupil can be removed from the situation without physical intervention, e.g. if they will follow a member of teaching staff out of the classroom.
- The pupil has a condition or support needs that mean physical intervention would be inherently more dangerous, e.g. asthma which may be made worse by restrictive holds or sensory issues where physical touch would contribute to sensory overload and may provoke aggressive behaviour.

Where there is no immediate risk of harm to themselves or others, destruction of property or serious disruption, reasonable force will not be used on the pupil. Any reasonable force used in situations that are non-urgent will only be used once all alternative options have been exhausted and where the staff member in charge deems that the situation is escalating.

The school understands that, in some cases, action may be required very quickly, e.g. in the event that a pupil attempts to run out into a busy road, or where pupils begin a violent fight with one another and staff are forced to pull the pupils apart. Staff will not be penalised for resorting to the use of physical intervention or reasonable force in such situations where it is justified and perceived necessary to prevent harm to others or property in the circumstances.

Positive handling will be applied with the intention of re-establishing verbal control as soon as possible and, at the same time, allowing the pupil to regain self-control. Reasonable force is not used as a method of behaviour management or discipline – only as a last resort in situations that require de-escalation to prevent harm.

5. Reasonable force

Staff members will use actions that are appropriate and in proportion to the circumstances. Where reasonable force is required, the degree and type of force that is used will depend on the pupil's circumstances, e.g. their age or SEND.

The following list is not exhaustive, but provides examples of situations where the school may decide to use reasonable force where other methods of defusing a situation have been exhausted or are not appropriate:

- Members of staff need to control pupils risking the safety of themselves or others outside of school premises where the same range of support options are not available, e.g. on school trips.
- A pupil is attacking a member of staff or another pupil.
- A pupil is at serious risk of harming themselves and a member of staff must intervene to prevent this.
- The Headteacher or authorised staff are conducting a search for items prohibited under the Education Act 1996, e.g. knives and weapons, alcohol, and illegal drugs.

All members of staff will be permitted to use reasonable force where they believe it to be appropriate, as long as all necessary precautions are taken. The decision to physically intervene during a situation is down to the professional judgement of the member of staff and always depends on the circumstances.

The power to use reasonable force also applies to any individual whom the Headteacher has identified as temporarily in charge, such as volunteers.

In general, restraint will only be used briefly, and prolonged restraint will not be used, i.e. restraint beyond that which is necessary to remove the immediate threat a pupil is posing to themselves or others.

Where staff determine physical intervention is necessary, they will calmly communicate the reasons for their actions to the pupil and explain why it is necessary in a non-threatening manner. In most cases, staff will communicate this to pupils before making physical contact to minimise distress and/or further aggressive behaviour from the pupil; however, the school recognises that this is not possible in some emergency situations.

Staff will never give the impression that they are acting out of anger or are punishing the pupil. Staff members will always avoid acting in a way that could cause injury; however, the school understands that accidental injury may occur in emergency situations where there is not sufficient time for a considered response.

Where a member of staff believes that they are at risk, e.g. where an injury is likely to occur, they will not intervene in an incident without the help and assistance of another staff member.

Reasonable force techniques which present an **unacceptable** risk and will not be used under any circumstances include:

- The 'seated double embrace' where two staff members force a pupil into a sitting position and lean them forward whilst a third staff member monitors their breathing.
- The 'double basket-hold' in which a pupil's arms are held across their chest.
- The 'nose distraction technique' which involves a sharp upward jab under the pupil's nose.

Following the incidents where reasonable force is used, the pupil involved may be subject to separate disciplinary procedures, in which strategies should be formed to help avoid reoccurrence of such incidents.

6. Pupils with SEND

The school will have due consideration to the risks posed by the additional vulnerability of pupils with SEND in terms of physical intervention and reasonable force.

The SENCO will ensure that the stipulations of the Equality Act 2010 are adhered to in relation to reasonable adjustments, non-discrimination and the Public Sector Equality Duty, and will ensure that staff that come into regular contact with pupils with SEND are aware of the ways in which their needs can be met without reasonable force.

The school is aware that pupils with SEND may sometimes experience meltdowns, which can sometimes manifest in behaviour which may be aggressive or seem uncontrollable. Where it is known that a pupil is prone to meltdowns, the SENCO and Headteacher will draft a risk assessment to determine planned strategies for managing the pupil's meltdowns that are tailored to the pupil's specific needs, to avoid the use of reasonable force. These risk assessments will be conducted in collaboration with the pupil and their parents, where appropriate.

Some pupils with SEND may require physical intervention when they feel overwhelmed or stressed, e.g. a tight hug; however, this will be discussed as part of relevant risk assessments.

Staff members will not assume that a technique employed for one pupil with SEND will be applicable to other pupils with SEND.

Staff will also be aware that pupils with SEND may engage in frequent, repetitive self-stimulatory behaviour, known as 'stimming', and that some pupils may engage in self-injurious stimming, e.g. repeatedly hitting or scratching themselves. While this can be alarming, staff will be aware that stimming is often carried out as a means of emotional regulation or self-soothing in response to stressful or overwhelming stimuli. Staff members will aim to remove distressing stimuli from the environment, where possible, or will support pupils to engage in less harmful stimming methods, e.g. by providing them with something to play with.

The school will adhere to its Special Educational Needs and Disabilities (SEND) Policy at all times.

7. Post-incident support

Following an incident of reasonable force, all pupils and staff members involved will be given any necessary first aid to treat injuries as soon as possible, and emotional support.

Wherever reasonable force is used, staff members and pupils involved in incidents will be given separate opportunities to reflect on what happened.

It will be explained to the pupil involved the reason that such intervention was used, and reassured that the use of the intervention was not a punishment for their behaviour, but rather a method of defusing the situation and preventing them from harming themselves or others. The pupil will be asked about the reasons for their behaviour, including:

- Why their environment was causing such distress for them.
- Whether they feel there was anything that could have been done to meet their needs before the situation escalated.
- Whether, and how, staff actions were helpful or unhelpful.

Staff will be encouraged to reflect on their actions and how they handled the situation, and will be reassured, where appropriate, that they have done nothing wrong and acted in what they perceived to be the best interests of pupils.

8. Reporting incidents

A detailed written report will be kept of **all** incidents where reasonable force is used, distinguishing between planned interventions, i.e. those in line with approved strategies for the behaviour of specific pupils, and unplanned or emergency interventions.

Immediately following an incident, the member(s) of staff involved will verbally report the incident to the Headteacher and provide a comprehensive written record of the situation as soon as possible, using the [Physical Intervention Report Form in the Intervention book \(kept in the DSL office\)](#). The written report of the incident must be thorough, including as much detail as possible as to what had happened before, during and after the incident, the reasons why specific interventions were employed, and any injuries incurred due to the incident.

Records should be retained and analysed by the Headteacher, and SENCO where physical intervention was used on a pupil with SEND, on a termly basis to ensure that such interventions are being used appropriately, and to identify patterns of behaviour and responses to that behaviour that may require changes to school practice, e.g. in staff training or further behavioural or emotional support.

Staff members who do not record an instance of reasonable force where it has occurred may be disciplined in line with the Disciplinary Policy and Procedures.

The Headteacher will make the decision as to whether it is appropriate to inform the pupil's parents of the details of an incident. If it is appropriate, the following will be adhered to:

- Parents will be informed in writing and a copy of this report will be given to the member(s) of staff involved in the incident.
- The report will inform parents of their right to complain about the use of positive handling and reasonable force, in line with the Complaints Procedures Policy.

If a member of staff witnesses or suspects the use of reasonable force, where another member of staff is actively involved in physical intervention, they will report this to the Headteacher immediately.

Any allegations against staff will be dealt with as a matter of urgency, and in accordance with the procedures outlined in the school's Allegations of Abuse Against Staff Policy.

The Headteacher will be responsible for conducting a thorough investigation to find out the correct details of what occurred; this may include talking to other pupils about the incident, for instance those who witnessed the event.

9. Complaints

All members of staff will be made fully aware of the consequences and legal retributions that can occur following the incorrect use of physical intervention and force.

All complaints regarding the use of physical intervention or force will be investigated in a thorough and speedy manner. The person making the complaint is responsible for providing evidence for their allegations, e.g. testimony of events or evidence of injury – it is not for the member of staff to prove that their actions were made reasonably.

In extreme circumstances, parents may take civil action or pursue a criminal prosecution. In the case where a member of staff has acted within the law, this will provide a defence to any civil or criminal prosecution.

Members of staff accused of using excessive force will not be automatically suspended as a response to the allegations. The following procedure will be adhered to, in line with the Allegations of Abuse Against Staff Policy:

- Careful consideration will be given to whether the case warrants a person being suspended until the allegation is resolved.
- The Governing Body will always take into account whether a staff member has acted within the law when considering whether or not to take disciplinary action against a staff member involved in an incident.
- Where a member of staff is suspended, the school will ensure that the staff member has access to a named contact that can provide support and guidance.
- The school will provide pastoral care to any member of staff who is subject to a formal allegation. .

Where it is reported that a staff member has engaged, or is suspected to have engaged, in touch that is not appropriate in line with this policy and the Staff Code of Conduct, this will be handled in line with the Reporting Low-level Safeguarding Concerns Policy, or, where there have been multiple reports of inappropriate touch or an instance of touch which is severely inappropriate, the Allegations of Abuse Against Staff Policy.

10. Monitoring and review

This policy will be reviewed on a biannual basis by the Headteacher, DSL, SENCO and Governing Body, who will consider any necessary changes and communicate the findings of the review to all members of staff.

The next scheduled review for this policy is May 2026.

Physical Intervention Report Form

We believe that reasonable force should only be used when absolutely necessary. With this in mind, this form has been created to ensure that all incidents of this type are recorded. Incidents must also be documented in the Physical Intervention Log.

Name of staff member:	
Name of pupil:	
Date:	
Time:	
Location:	
Name(s) of staff member(s) who witnessed the incident:	
Informed parties (parents, social workers, police, etc.):	
Circumstances prior to the incident:	
Details of the incident:	
Details of any negative impact on other pupils:	
Reason(s) for physical intervention (please tick):	

Danger to self	<input type="checkbox"/>
Danger to others	<input type="checkbox"/>
Significant damage to property	<input type="checkbox"/>
Was it a planned intervention, e.g. in line with approved strategies for the behaviour of specific pupils? Please circle.	Yes/No
Details of the intervention:	
Any disciplinary additional action taken:	
Injuries (if any) to staff members, the pupil concerned or other pupils:	
Damage (if any) to property:	
Recommendation(s) to avoid future incidents:	
Headteacher's signature:	Date:
Signature of staff member concerned:	Date:
