

Dear Parent/Guardian,

I hope you're well.

My name is Pip Davis, and I represent Norwich City FC. I'm delighted to invite your son to attend an **open training session at our St Neots and Wisbech St Mary Development Centres on Friday 18 September.**

Traditionally, these centres have been open to boys in **School Years 5–11**. We are now delighted to be extending the programme to include boys in **School Years 2, 3 and 4**, providing younger players with the opportunity to experience high-quality coaching in a fun, supportive and professional environment.

This will be a fantastic opportunity for players to complement their grassroots football, develop their technical skills and experience the standards and environment of a Norwich City FC Development Centre.

Players attending the open session will train alongside players who are already registered at the centre, giving them the opportunity to experience what the programme looks like and meet our coaches.
