Dear Parent/Carer,

Science Revision Sessions

I am writing to inform you about the Science department revision sessions taking place during session 6 over the coming weeks. These sessions will be held on a Wednesday or a Thursday after school.

The sessions will revise content already covered in the GCSE course so far and provide the opportunity to complete some practice exam questions with the support of teacher guidance. There will be separate sessions for students sitting the higher paper and the foundation paper to enable the content to be tailored to the different exams.
