Dear Parent/Carer

Year 6 Transition to Year 7

We are looking forward to welcoming your child to Ely College in September. We know the move to secondary school can be accompanied by worry and enthusiasm for both parents and children. We recognise that your family may need additional reassurance about the process. College staff are working closely with staff in the primary schools to ensure information is shared and that children recognise some staff before they come for their induction day.

House Allocation

It is with great excitement and pleasure than I can inform you that your child will be in Turing House. The allocation of Houses is completed by our data team using all the information we have about a child. Siblings have been allocated to the same House and then we look to achieve an even distribution of academic ability, additional needs, sporting ability etc. The House the child is in has no impact on their teaching groups or who they can socialise with during their break and lunch times.

Turing House is named after Alan Turing, a mathematician, logician, cryptanalyst, philosopher, theoretical biologist and a pioneer of computer science. Today, Alan Turing may be best known for his work at Bletchley Park during World War II, and his part in breaking the German Enigma Code. The Senior Tutor for Turing is Mr K Burke and the Student Support Assistant Mrs E Templeman. The Turing House team can be contact directly via the phone number 01353 652876 or the email address turinghouse@elycollege.co.uk

One in College Induction Day for each student 8.40am – 2.45pm:

Wednesday 9th July 2025 – Students from The Isle of Ely, St John's, Littleport Community Primary, Millfield Primary, Rackham, Stretham and all other primary schools except those listed below.

Thursday 10th July 2025 – Students from The Lantern, Downham Feoffees and St Mary's.

Please ensure your child arrives at the main reception, in their primary school **PE kit** at 8.40am. They will leave the college site at 2.45pm via the same entrance. If your child normally walks home unaccompanied, they may do this on their transition day. If your child is going home with an older sibling who already attends college, please can you ensure both children have a prearranged pick-up point. We suggest the college's main reception.

The children will experience a range of lessons during their time with us. Please note that different groups will have different lessons. All children will not experience the same set of lessons. For example, some may have a geography lesson while others undertake a history lesson. The group your children is in will not be the class they will join in September.

Please send your child into college with a packed lunch and a refillable water bottle. If your child normally receives a free school lunch, we will provide a packed lunch for them.
