- 3.3.1 UTC's focus on a STEM curriculum and as such it is preferred that applicants demonstrate an interest in Science, Technology, Engineering, Mathematics or Architecture.
- 3.3.2 All in year applicants must apply directly to GPUTC. Following the application, the student will be invited to the school to have an informal discussion with a member of the Leadership Team. The discussion will ensure that the student and family understand the model of education taught at GPUTC and will allow for a self-assessment of how well they would fit into the GPUTC ethos. A formal offer may be made after this stage has taken place and the outcomes align with the specialist nature of our curriculum

3.4 Admissions to Post-16 (Year 12)

4 REQUESTS FOR ADMISSION OUTSIDE THE NORMAL AGE GROUP

4.1 Parents are entitled to request a place for their child outside of their normal age group.

4.2 Decisions on requests for admission outside the normal age group will be made on the basis of the circumstances of each case and in the best interests of the child concerned. In accordance with the School Admissions Code, this will include taking account of:

- Parents' views.
- Information about the child's academic, social and emotional development.
- Where relevant, their medical history and the views of a medical professional.
- Whether they have previously been educated out of their normal age group.
- Whether they may naturally have fallen into a lower age group if it were not for being born prematurely.
- The Principal's views.

4.3 Wherever possible, requests for admission outside a child's normal age group will be processed at the same time as other applications to the year group they are applying for. They will be considered on the basis of the admission arrangements laid out in this policy, including the oversubscription criteria listed in Section 6.

4.4 Parents will be informed of the reasons for the decision about the year group into which a child has been admitted to. Parents do not have a right to appeal if they are offered a place at the school but it is not in their preferred age group.
