

Tuesday 10<sup>th</sup> February

Dear Parents and Carers,

### **RE: Safer Internet Day – Parent Questionnaire on Screen Time**

Today is Safer Internet Day, and as part of our ongoing work this year around online safety and how our CARE values apply in the digital world, we are using this important day to seek your valuable input.

We strongly value our partnership with parents and carers and recognise that your voice and experiences are essential in shaping our approach to online safety. Working together helps us ensure that the messages children receive at school are reinforced and supported at home.

As we approach half term, we know that many children spend more time online and using screens, whether for gaming, socialising, or entertainment. This makes it an especially important time to reflect on how children are using digital devices and how we can best support them to stay safe, balanced, and responsible online.

To help us better understand pupils' screen time experiences at home, we would really appreciate if you could take a few minutes to complete a short questionnaire (6 quick questions) about your child's use of screens and digital devices.

Your responses will help us to:

- Strengthen our online safety curriculum
- Ensure our approach reflects real-life experiences at home
- Continue promoting our CARE values online

The questionnaire should take no more than 5 minutes to complete:

[Safer Internet Day 2026- Screen time questionnaire – Fill out form](#)

Thank you for your continued support and for working in partnership with us to keep children safe, respectful, and responsible online—both in school and at home. If you have any questions, please don't hesitate to get in touch via the school office

Kind regards,

Mrs Jodie Atreed
