Monday 9 November 2026

Dear Parent/Carer

Team Maths Challenge at Sawtry Village Academy

As a trust we very much like to make face-to-face events where students across the Trust meet and work collaboratively, on exciting packages of learning. These additional activities will allow students to enrich their understanding of the content being taught in lessons at the same time as developing their problem solving and reasoning skills.

The Director of Mathematics for Meridian Schools has therefore organised activities for a group of Year 7 students from our school. These will be held at Sawtry Village Academy on Wednesday 18 November and the exciting news is that your child has been chosen to be a part of our school team.

Organisation

The session's activities are designed to be enjoyable and will develop their understanding of mathematics, reasoning and problem-solving skills and teamwork. The activities will comprise of a series of challenges.

We will be travelling to Sawtry via minibus, leaving Lincroft Academy at 8:45am and arriving back in time for school transport at 3:00pm.

Snacks and drinks will be provided at break time (please advise of any dietary requirements using the permission form), however, students will require a packed lunch. Please ensure all packed lunches are **nut free.** If your child is in receipt of Free School Meals, these will be provided by the school.

To give consent for your child to attend, please complete the link below by no later than Monday 16 November.

Team Maths Challenge Permission Form – Fill in form

Yours sincerely
Mrs L Alder
