Changeover of lesson support

There is a section called 'Changeover of lesson support'. This is where the school is likely to be at its noisiest, and therefore students need to be reminded that exams are taking place, and to be mindful of those working. A small breakdown of areas and support needed:

Start of exam

SH – Support for the SPA area and directly outside the Sports Hall. Helping to settle students, support students finding their seats etc. Support with keeping students going to lessons silent – there will be signs.

SH Corridor – Support students coming into the main exam room or into PAS. Students sitting exams in any other room should be directed to the Main Hall for registration. A large seating plan will be on display in the corridor, support students finding seats. Support with keeping students going to lessons silent – there will be signs.

Outside PAS– Keep students passing PAS quiet, ensure any students trying to enter this area are kept quiet. Support with reminding students of room changes – there will be signs.

During exam / lesson changeovers

SH - Support for the SPA area and directly outside the Sports Hall. Ensuring students who have had lessons in the area / are about to have lessons in the area are quiet at all times while students are working in exams. Support with keeping students going to lessons silent – there will be signs.

SH Corridor - Ensuring students who have had lessons in the area / are about to have lessons in the area are quiet at all times while students are working in exams. Support with keeping students going to lessons silent – there will be signs.

Outside PAS- - Ensuring students who have had lessons in the area / are about to have lessons in the area are quiet at all times while students are working in exams. Support with reminding students of room changes – there will be signs.

At the end of exam

SH - Support outside of the Sports Hall doors, this is where students will leave exams. Encourage students to move away from the doors quickly and quietly and move to leave the site. There will be some students working into extra time, so the quicker students move away, the easier for those still working.

SH Corridor – Stopping students who have finished exams going back into the Sports block via the corridor. Those in extra time will hear them. Encourage students to leave area.

Outside pas – Support with keeping noise levels down for those leaving exams. Those with extra time will still be working. Encourage students to leave area
