Dear Parent/Carer

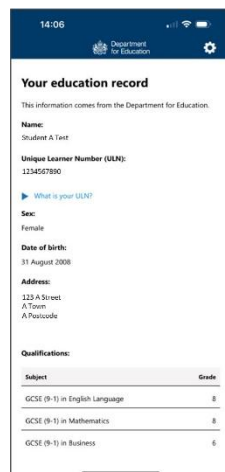

Department of Education - Education Record App

The new Education Record App is part of a Department for Education (DfE) scheme to digitise exam results so that they are securely accessible for use in post-16 transitions, apprenticeships, employment and future learning.

Year 11 students will need to download the free app onto their phone or device. Once the download has taken place this will be verified in school. Please support your child to download the app by Friday 13 March 2026. The QR codes below may be used to access the app.

For more information about the app please watch this short video from the DfE:
