You should spend some time going through what you have learned in class, in your 'free-time', every (week) day.

What you learn in class is just the tip of the iceberg!

Every lesson is placed in files on teams as I teach it.

Don't let absence hold you back – use these lessons on teams to ensure you are never behind in your learning.

Check assignments on teams, regularly, for (compulsory) homework.

This must be completed to the best of your ability and handed in on time.

Read, read, read!

Join your local library and borrow books regularly.

Read the course text books.

Read articles on line.

Read from the books that are recommended.
