

Dear Parent/Carer

Year 11 R&E Autumn Programme

We are delighted to confirm the arrangements for the Revision and Enhancement (R&E) programme that the school will be running this academic year for Year 11. The programme, created to run after school, allows students to attend additional revision / enhancement sessions with our staff to support learning outside of lessons.

The Autumn R&E programme will run from next week. This will begin with three individual sessions which we would like all students in Year 11 to attend. Each session will run from 3pm until 3:30pm in the Dining Hall.

Wednesday 10th September: Maths. How are you going to get your best grade this year?
Thursday 11th September: Are you ready for your exams? What does your revision look like?
Friday 12th September: English: What does a grade 9 look like?

We will be running prize draws for Amazon vouchers for all students who attend each day. The prize draw will take place on Friday.

From Monday 15th September we have a bespoke R&E programme in place that will run over a six-week period in line with our two-week timetable. Subjects have been reviewing student performance over the last academic year and have identified key students who have been nominated to attend face-to-face sessions with our class teachers. Students who have been nominated for face-to-face R&E sessions will have these sessions logged as a club on Bromcom and will be expected to attend all sessions.

The final week of the autumn programme will run from Monday 3rd November and will include sessions open to all students to support final preparations for the next round of mock exams that start from Monday 10th November.

We are pleased to announce that each week there will also be a range of enhancement activities that will be released by subjects that will be available to students in the whole year group to support their revision outside lessons.

I have attached the outline programme for week A and B below:

R&E1 KS4 Autumn 2025

Week 1 will be an introduction to Year 11 including some exam feedback Weeks from Maths and English, an introduction to the year and how to start your revision plan.
