

Set 7

1. $21 + 8 =$

2. $45 - 10 - 10 =$

3. How many more points have yellow got than green?

Number of team points _____

SPaG

1. Insert a **comma** to punctuate the list correctly.

I saw some pink purple and silver balls on the mat.

2. Tick the noun phrase below.

	Tick one
in the meantime	<input type="checkbox"/>
a colourful ball	<input type="checkbox"/>
very gloomy	<input type="checkbox"/>
has jumped further	<input type="checkbox"/>

3. Match the root words to the suffixes to create three new words.

Root word	Suffix
<input type="text" value="hope"/>	<input type="text" value="ment"/>
<input type="text" value="kind"/>	<input type="text" value="ful"/>
<input type="text" value="move"/>	<input type="text" value="ness"/>

CHALLENGE: Write three different words that each use one of the suffixes listed above.

Christopher Columbus was a brave sailor and explorer. Some people think that he discovered North America in 1492. In fact, he never went there. Instead, he found some islands in the warm seas to the south. Even so, his voyages did inspire others to travel across the Atlantic Ocean. This led to people from Europe settling in North America.

1. What did people say Christopher Columbus discovered in 1492?

2. The word *voyages* means ... Tick one.

ships

☐

islands

☐

journeys

☐

3. Where did the people who settled in North America come from?
