

Homework in Key Stage 1

Dear Parents/Carers,

We feel that it is important that the children undertake meaningful homework tasks that link closely with the work we are covering at school.

We hope that the activities will be completed with the support of an adult, as we feel parental involvement is an important part of their education.

Children can choose which activities they would like to complete from the grid. If you have any other ideas, please feel free to place these in the homework books as well.

The work can be completed on a piece of paper and then stuck into their book or completed directly in the book. You may wish to take photos and stick these in. There is available space to display models in the classroom.

Please encourage your child to complete a few of the activities, when it suits, across the term and to complete the Doodle maths activity set fortnightly. The books will need to be handed in on a **Wednesday** and they will be returned on a Friday. We also set Little Wandle spellings and reading, weekly.

Please encourage your child to complete their homework neatly and there are child friendly presentation guidelines the children follow both in school and for homework. The homework grid will change each term, with each new topic.

The importance of reading

Please listen to your child read as often as possible. Please sign and record that you have read with your child in the reading record.

Please let us know if you wish to discuss any homework or other issues that you may be concerned about.

Thank you in advance for your support.
