Parent information session: Year 4 Multiplication Check

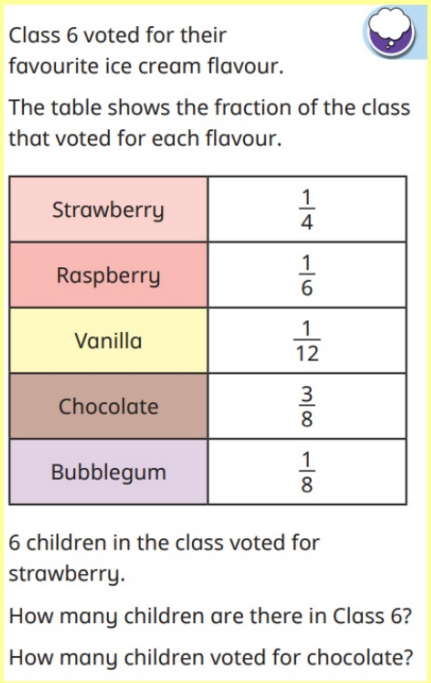

https://www.youtube.com/watch?v=NyKgEZOBbLc

What the test is:

- It's a national test for Year 4 students.
- Takes place in June
- Is done on a tablet or computer
- Will take no longer than 5 minutes
- There are 25 questions
- Pupils have 6 seconds to answer each question
- There's no problem solving or division just simple "3 x 4 = ?" type questions

Why do the children need to know their times tables?

- Avoid cognitive overload in future Maths.
- Be efficient in solving complex Maths in the future.

Class 6 voted for their favourite ice cream flavour.

The table shows the fraction of the class that voted for each flavour.

Strawberry	$\frac{1}{4}$
Raspberry	$\frac{1}{6}$
Vanilla	$\frac{1}{12}$
Chocolate	$\frac{3}{8}$
Bubblegum	$\frac{1}{8}$

6 children in the class voted for strawberry.

How many children are there in Class 6?

How many children voted for chocolate?

Example Test:

https://mathsframe.co.uk/en/resources/resource/477/Multiplication-Tables-Check

Results:

Scores will be sent to the school.

The school will send your child's result /25 home to you.

The expectation is that children know all of their multiplication facts up to 12 x 12 and score 25/25.

Last year the average national score was 21.3/25.

What you can do to support your child?

Asking questions at opportune times.

Putting questions up around the house.

Playing times table games.

Rote Chanting

Times table Songs (lots online):

- Times tables collection - BBC Teach
- 6 Times Table Song (Cover of Shake It Off by Taylor Swift!) - Bing video

Regular Updates and Times Table Rockstars

Teachers will keep you up to date on how your child is progressing.

Timestable Rockstars is a great way for your children to practise their times tables and the Soundcheck section is a duplicate of the test.
