Year 8 Options Process – Assembly

Dear Parents and Carers,

It was a pleasure to meet with our Year 8 students this morning as we formally launched the options process during our “back to school” assembly. I was very impressed with their engagement and thoughtful responses, and it was encouraging to see them already beginning to consider their future choices.

Students have now been issued with a hard copy of the options booklet, which provides detailed information about the subjects available. An [electronic copy](#) is also available on our website, along with additional information about each course.

Over the coming week, students will also spend time in their ICT lessons exploring potential career pathways using Unifrog, which we hope will help to support informed decision-making.

We hope these resources support you to begin discussions at home over the next fortnight. We look forward to welcoming you, in person at the Options Information Evening on Thursday 23rd April.

Tickets for the Options Information Evening can be booked [here](#), entering the password OptionsSA26

Yours faithfully,

Laura Watt

Interim Vice Principal (Academic)
