Be Ambitious

We belong at Stratton where every individual is known, valued, and supported.

Every student has someone in their corner

SUPPORTED

Academic mentoring turns “we know our students” into regular, purposeful action to support development.

Academic Mentoring: a distinctive Meridian Trust initiative

One-to-one conversations

Students review progress, celebrate success, identify barriers and agree practical next steps with their tutor.

Ambition and next steps

Mentoring connects learning with aspirations, careers, personal development and future choices.

Families kept connected

Mentoring records and agreed targets are shared through MCAS, strengthening the partnership between student, tutor and home.

Stratton strength. Meridian reach.
