Effective Communication

Parent Engagement and Attendance Expectations

At Stratton School, we place great value on the strong partnership between home and school. We do expect all families to attend scheduled parent events throughout the academic year, as open communication and meaningful discussion are vital in ensuring every student makes the best possible progress. These events provide important opportunities to share information, celebrate successes, and work collaboratively to support your child's development. Your engagement plays a key role in helping us achieve the best outcomes for all students.

If you are unable to attend a particular event, we kindly ask that you inform us in **advance**. This allows us to make appropriate arrangements and offer alternative opportunities to meet with you so that you remain fully informed and supported.

Please remember that social media, particularly open public groups, is not the appropriate forum for raising questions or concerns. We are always happy to work in partnership with families, and the best way to resolve any issue is to contact us directly. Open and timely communication allows us to understand concerns fully and work together towards a positive resolution.
