Meet the Number 1 Apprenticeship Provider

In October 2023, the Army celebrated a century of apprenticeships and was named the **UK's top apprenticeship provider for the fourth year running in 2024**. Offering more than 40 different apprenticeships from level 2 to level 4, the Army has a range of exciting opportunities from Animal Care to Network Engineer to Public Services. Benefits to students:

- Earn While Learning:** They will get paid while mastering a trade or profession.
- Travel and Adventure:** Experience the world, stay fit, and have unique experiences.
- Civilian Qualifications:** Gain qualifications that are recognised outside the British Army.

Apprenticeship Areas Include:
 Public Services & Health
 Engineering
 Telecommunications & IT
 Animal Care
 Logistics
 Construction
 Business Administration

- Why choose an Army Apprenticeship?**
- Comprehensive Training:** They will train as a Soldier and earn valuable skills.
- Career Progression:** Whether they stay for four years or longer, their experience will be highly valued by civilian employers.
- Supportive Environment:** Over 95% of those who join the British Army enroll in an apprenticeship, ensuring a supportive community.

Find out more about our apprenticeship opportunities: <https://jobs.army.mod.uk/regular-army/what-you-get/apprenticeships-skills/?cid=part5124168843>

Local Labour Market Information (LMI)

A key component of our careers provision is enabling our students and their parents/ carers to have access to career and LMI. This information helps provide data, statistics and predictions about present and future trends in the workplace. Keeping up to date with what's happening in the labour market is important for anyone making career related decisions, and we have just uploaded the latest report from the Careers and Enterprise Company to our website.

digdata | NHS

Join our NHS live online career challenges
Gain FREE virtual work experience

NEXT STEP CAREER CHALLENGE:

YEAR GROUPS 10-13 + FE, YEAR GROUPS 11-14 + FE (Northern Ireland) & YEAR GROUPS S4-S6 (Scotland)

After a sudden bump and fall, should they visit A&E or is first aid enough for all?

Wednesday 15th January at 5pm

Goal: Join the NHS team to understand why some patients are waiting longer than 4 hours

Mission: Your job is to analyse data from various A&E departments to answer the following questions

- What factors like the type of injury affect waiting times?
- How the number of patients visiting A&E changes across different calendar months and different locations of the UK?
- Is there a trend you can find to advise the NHS how to prepare? What would be the most appropriate site to add an additional minor injuries unit and why?

What this career challenge will involve

- **Join the live session:** Meet the NHS team.
- **Information:** Use the data we will provide you to answer the above questions.
- **Tell us your recommendation:** Present your ideas in a fun and impactful way to advise the NHS how they can meet the 4-hour waiting time target.

FIRST STEP CAREER CHALLENGE:

YEAR GROUPS 7-9, YEAR GROUPS 8-10 (Northern Ireland) & YEAR GROUPS S1-S3 (Scotland)

"Quick with the facts, help the NHS be swift to react!"

Tuesday 14th January at 4.30pm

Your Mission: Become an NHS Fact Finder

We would like you to be an NHS fact finder responsible for gathering all the important details (data points) related to Matthew's accident. Your job is to collect this information to provide a story that can help the NHS provide the best possible care for Matthew.

Building the Story – what information could be Key Data Points

To create a clear story from Matthew's accident, we will give you a series of questions to help you start your fact-finding journey and then we would like you to think of more questions that could help the NHS form data points to ensure Matthew receives the correct care.

What this career challenge will involve

- **Join the live session:** Meet the NHS team.
- **Information:** Use the questions we provide you to start factfinding and provide data points (information) for the NHS to build the story of Matthew's accident.
- **Tell us your recommendation:** Create a story using impactful images to detail your fact-finding mission!

February 2025

Thursday 13th February and Friday 14th February 2025

Events

Caring in the NHS

This 2 day programme gives students the opportunity to learn more about some of the Allied Health Professions, Physiotherapy, Occupational Therapy, Speech and Language, Nutrition and Dietetics, Theatre staff, Healthcare Support Workers and Nursing.

Please contact sraven@swaveseyvc.co.uk for an application form.

Monday 17 and Tuesday 18 February

Insight days for Year 10 and Year 11 students

We have exciting in-person work experience opportunities, during the February half-term, for Year 10 and Year 11 students, who are interested in learning more about genomic technologies, and the careers available in the field.

Our [Genomic Futures insight days](#) will run on Monday 17 and Tuesday 18 February, at the Wellcome Sanger Institute, Cambridgeshire.

Students will experience the journey from sample collection to data output, explore the laboratories, hear about cutting-edge research, get hands-on with gel electrophoresis, discover the fascinating world of bioinformatics, and gain insights into working in genomics.

Thursday 20th February 2025

The British Horse Racing School at Newmarket are hosting open days for anyone interested in pursuing a career in the Horse Racing Industry. "These events are a wonderful opportunity to immerse yourself in our community, learn more about our courses and to meet the dedicated team who help make the magic happen".

If you would like to book please phone 01638 675905 or email careers@brs.org.uk.

Year 10

At AstraZeneca we recognise that access to work experience is important for students to gain valuable insights into different industries and to help them with their professional and personal development.

We are delighted that AstraZeneca will be hosting virtual work experience opportunities for Year 10 students in the UK during February half term (17th – 21st February 2025).

To find out more: <https://careers.astrazeneca.com/early-talent>

To register: <https://www.allaboutschooleavers.co.uk/astrazeneca-work-experience>

Year 11

Work Experience – 'Discover Property' (17-21 February 2025)

Gain valuable experience in the fast-paced world of property with Savills during our spring 'discover property' week.

You will have the opportunity to see firsthand how a property company operates, how campaigns are created, clients are engaged, and data is analysed. It is an ideal chance to get industry exposure and learn the ins and outs of various sectors. Over the week you will rotate around several of our teams to get a "flavour" of the variety of job roles we offer.

Please note, this role is exclusively for Years 11 & 12 and is an "in person" full week experience. Attendance in the office each day is compulsory.

For more information and application form:

<https://careers.savills.com/jobs/5142492-work-experience-discover-property-17-21-february-2025/8fc9f2e1-fbfa-4de2-b0eb-778b1f878931>

CAMBRIDGE UNIVERSITY PRESS

Year 10

Work Experience Opportunity (7th – 11th July 2025)

We are a world leader in assessment, education, research and academic publishing. We explore, collaborate and innovate to find new ways to spread knowledge, spark enquiry and aid understanding. We employ around 7000 people, about half of them based in the UK.

We're excited to be running work experience again for local Year 10 students and warmly encourage you to apply. We are offering up to 30 placements in many diverse teams. As well as working with their main host team, successful candidates will also take part in group sessions, learning about jobs and skills outside of the host team and getting to know students from different schools. Some placements will feel more 'familiar' than others, however students should be able to do any role with support and we encourage you to be open-minded about the placements you apply for.

Deadline for applications: 7 February 2025

Year 10

Year 10 In Person Work Experience

Type: In person work experience
Job sector: Supply Chain, Transport & Logistics
Start date: July 7, 2025

Job Description

This in-person experience will take a closer look at the role of the Civil Aviation Authority (CAA) as a regulator of aerospace and aviation, providing insight into how they promote innovation in the industry, and ensure that standards and safety are always adhered to! Throughout this one-week experience, we'll take you through the different areas and responsibilities of the Civil Aviation Authority, and you'll take part in a five-day placement shadowing key experts at the CAA!

For more information and to apply: <https://opportunities.springpod.com/opportunities/in-person-work-experience-cao-year10>

Please note that this placement is based in Gatwick and / or Canary Wharf. While we appreciate that this is not a locally based placement, we are aware that some students may have family members who they could stay with during their work experience week which may make this program accessible to them.

Students will need to create a SpringPod account in order to be able to apply for this experience.

Overview

This session will showcase how careers in pharmaceutical statistics can be both rewarding and impactful, with a focus on how mathematics is integral to the development of medicines. Students will hear from industry experts, explore diverse career paths, and learn why continuing to study math is key to unlocking exciting opportunities in the healthcare sector.

Date: Tuesday 11th March 2025

Time: 17:00-19:00 BST | 18:00-20:00 CEST

Location: Online via Zoom

Who is this event intended for? This webinar is designed for students, parents and teachers from Year 9 - Year 13, and anyone interested in learning how mathematics plays a critical role in the pharmaceutical industry. The session aims to inspire young minds and educators with insights into the interdisciplinary world where math and healthcare intersect.

What is the benefit of attending? By attending, participants will learn about the key role that statistics and mathematics play in drug development, clinical trials, and healthcare innovation. They'll also hear from professionals in the pharmaceutical sector, gaining valuable guidance on how to pursue careers in this exciting and impactful field.

Register: <https://psi.glueup.com/event/maths-meets-medicine-exploring-careers-in-the-pharmaceutical-industry-130333/>

National Careers Week – useful information you can still access!

For many of us busy parents and carers, it might have passed us by that last week was one of the biggest events in the UK careers calendar: National Careers Week (NCW 2025). This annual event takes place over one week in March and is designed to inspire and inform young people about their future career paths.

National Careers Week provides a range of free resources and activities for schools and parents that you can [access here](#):

https://formthefuture.org.uk/national-careers-week-useful-information-you-can-still-access/?mc_cid=b5ef939f8e&mc_eid=a374aebba6

A [free virtual work experience course](#) designed for 14-18-year-olds, and is available year-round, allowing young people to learn at their own pace—whenever and wherever suits them, whether that's during term time or the upcoming Easter break!

As part of the course, young people can chat to members of staff from the Wellcome Sanger Institute via a secure platform. They can ask real scientists what they like about their job, how they got there, and what they do.

Careers in Logistics

The first question you may ask is—What is Logistics?

Logistics refers to the overall process of managing how resources are acquired, stored, and transported to their final destination. It involves planning, implementing, and controlling the efficient flow and storage of goods and services throughout the supply chain.

For anyone interested in careers in this sector an excellent starting point is Generation Logistics, a programme that highlights the breadth of opportunities in the logistics sector, challenging misconceptions and showcasing it as a dynamic and rewarding career choice.

The Generation Logistics Hub for students includes:-

- Stories of those working in the sector
- Blogs to help students understand the wonderful world of logistics
- Information about the wide range of careers in the sector
- Find Your Future Quiz

<https://generationlogistics.org/>

STEM Careers

Employers in the STEM sector continue to struggle to find suitable candidates for a wide range of roles. Choosing a career in STEM can provide you with well paid and secure employment for many years.

For anyone interested in the opportunities in the sector "STEM Learning" provides a fantastic range of information and resources to support you in establishing a career in the sector.

You can find out more at:

<https://www.destinationstem.org.uk/>

April 2025

Wednesday 30th April and Thursday 1st May 2025

Events

Caring in the NHS

This 2 day programme gives students the opportunity to learn more about some of the Allied Health Professions, Physiotherapy, Occupational Therapy, Speech and Language, Nutrition and Dietetics, Theatre staff, Healthcare Support Workers and Nursing. Please contact sraven@swaveseyvc.co.uk for an application form.

Insight Day (Year 10 and 11)

Our *Genomic Futures insight days* will be running again during the Easter holiday, on Tuesday 8 and Wednesday 9 April, at the Wellcome Sanger Institute, Cambridgeshire. They are for Year 10 and Year 11 students, who are interested in learning more about genomic technologies, and the careers available in the field.

Students will experience the journey from sample collection to data output, explore the laboratories, hear about cutting-edge research, get hands-on with gel electrophoresis, discover the fascinating world of bioinformatics, and gain insights into working in genomics.

Lunch and refreshments will be provided, and travel bursaries will be available for eligible students.

NEXT STEP CAREER CHALLENGE:

YEAR GROUPS 10-13 + FE, YEAR GROUPS 11-14 + FE (Northern Ireland) & YEAR GROUPS S4-S6 (Scotland)

"Get Rich Quick... or Get Caught? The Dark Side of Influencer Money Scams!"

Wednesday 14th May at 5pm

A well-known social media influencer has just posted a "foolproof" way to make fast money—claiming you can double your cash instantly!

But is it really a golden opportunity, or just a scam designed to steal your money and ruin your future?

Investigate financial scams, uncover the tactics criminals use, and learn how chasing easy cash could lead to real-world consequences!

Your Mission as a Fraud Detective:

To uncover the warning signs of fraud. By investigating scam patterns, tactics used by criminals, and the consequences for victims, you'll learn how to protect yourself from falling into the trap!

What this live online career challenge will involve:

- Meet the Experian Fraud team
- Develop critical thinking and literacy skills
- Gain a virtual work experience certificate
- Learn how to protect yourself and others online

Register now: https://digdata.online/experian-career-challenges-fraud/?utm_campaign=9256004-Experian%202025%20First%20Step%20and%20Next%20Step&utm_medium=email&hsenc=p2ANqtz-kp5a3hp5UxmMUJLn28A338UOM01XthA4O9StE1kzBOZ_a-Ld6yJk2evpHB8XaO2WD4zIE30yJk6B4nJ5xO5tMekIJz
