

Dear Families,

I am excited to write to you about our Sixth Form opening in September 2024.

Thank you to the huge number of students and families that completed our survey that asked what subjects you were looking to study in Post 16. We have used that information to build a curriculum that we hope will serve our community.

In February, we wrote to you to share our Sixth Form website with you, we are now ready to share with you our curriculum, enrichment and admissions pages which are available here:

<https://sixthform.northstowesc.org/>

We may be small, but we will be mighty and want to offer future Sixth Form students an opportunity to be really known, helped, and supported in possibly the most important 18 months of their education journey. With expert teaching staff, Sixth Form specialists, and a team that are passionate about the well-being and outcomes for young people we can't wait to open in September 2024.

Whilst the Cambridge Colleges now all do their Open Days in the summer, we want students to get started on their Year 11 journey, before they start to feel the pressure of choosing a destination for the next part of their learning. Our Open Evening is on **Thursday 2nd November, 5.30-7.30pm**, and will be an opportunity to hear about our ethos and philosophy, talk to teaching staff about the subjects they are offering and to see our current facilities and hear about the specialist 6th Form block that will be ready in the Autumn Term.

We will be talking to NSC students in September and visiting Swavesey Village College, as well as being at the CAP information events held at our local schools. We welcome visitors and if you want to come and see our current facilities there will be two Open Morning events in November, or you are welcome to email us directly at sixthform@northstowesc.org.

Yours faithfully,

Carole Moss

Headteacher at Northstowe Secondary College
