

16th September 2026

Dear Parent or Carer,

Year 11 Progress Review Point 1 (PR1)

I am pleased to inform you that the first Progress Review (PR1) for your child is now available to view on MCAS (My Child At School).

If you have not already downloaded MCAS or have problems logging in please email mail@theferrers.org

All students will now complete an Academic Mentoring session with their tutor within the next two school weeks. The tutor will then contact home to discuss or share any actions that have been agreed.

You will also see that the report contains an 'End of Course Prediction'. This grade is the professional prediction made by your child's teacher based on all the evidence they have about your child's projected attainment. This will include, but is not limited to, work done in class and at home and attainment and progress in tests and assessments. This grade can include a + or – prefix. This indicates that your child is either close to the next grade up (+) and with some additional work could move up or that they need to do some additional work (-) to ensure they secure the grade predicted.
