

8th December 2025

Dear Parent/Carer

As part of the Year 9 Business Curriculum, students have been studying how to create Business Plans and have then created their own businesses. This term, they have been working on creating an idea and putting together a plan to access the finance needed to start their businesses.

Next week, the students will be putting their ideas into action with all the profits raised going to a charity of their choosing.

'Sugar Crush Bakery' will be hosting a bake sale on Wednesday 17th December at break and lunch selling a range of baked goods. Prices will vary from 50p up to £2, so please can students bring cash if they would like to buy anything. Their chosen charity is Cancer Research UK.

'Ballers' 5-a-side are hosting a 5-a-side football tournament throughout the week of 15th-19th December during lunchtimes. Students are asked for a donation of £2 per person in cash to play with a range of vouchers and prizes up for grabs for the winning teams. Their chosen charity is Unicef.

Putting the curriculum into action has enabled the students to learn and develop a range of skills that we hope will support them as they continue into their future aspirations.

Thank you for your support.

Kind Regards

Mrs H Wilson
Teacher of Business
