**Guided Pathways Evening 1 – 3<sup>rd</sup> March**

This is an important stage in your child's education, and our aim is to support students in selecting a curriculum that is **broad**, **balanced** and **ambitious**, while keeping as many future opportunities open as possible.

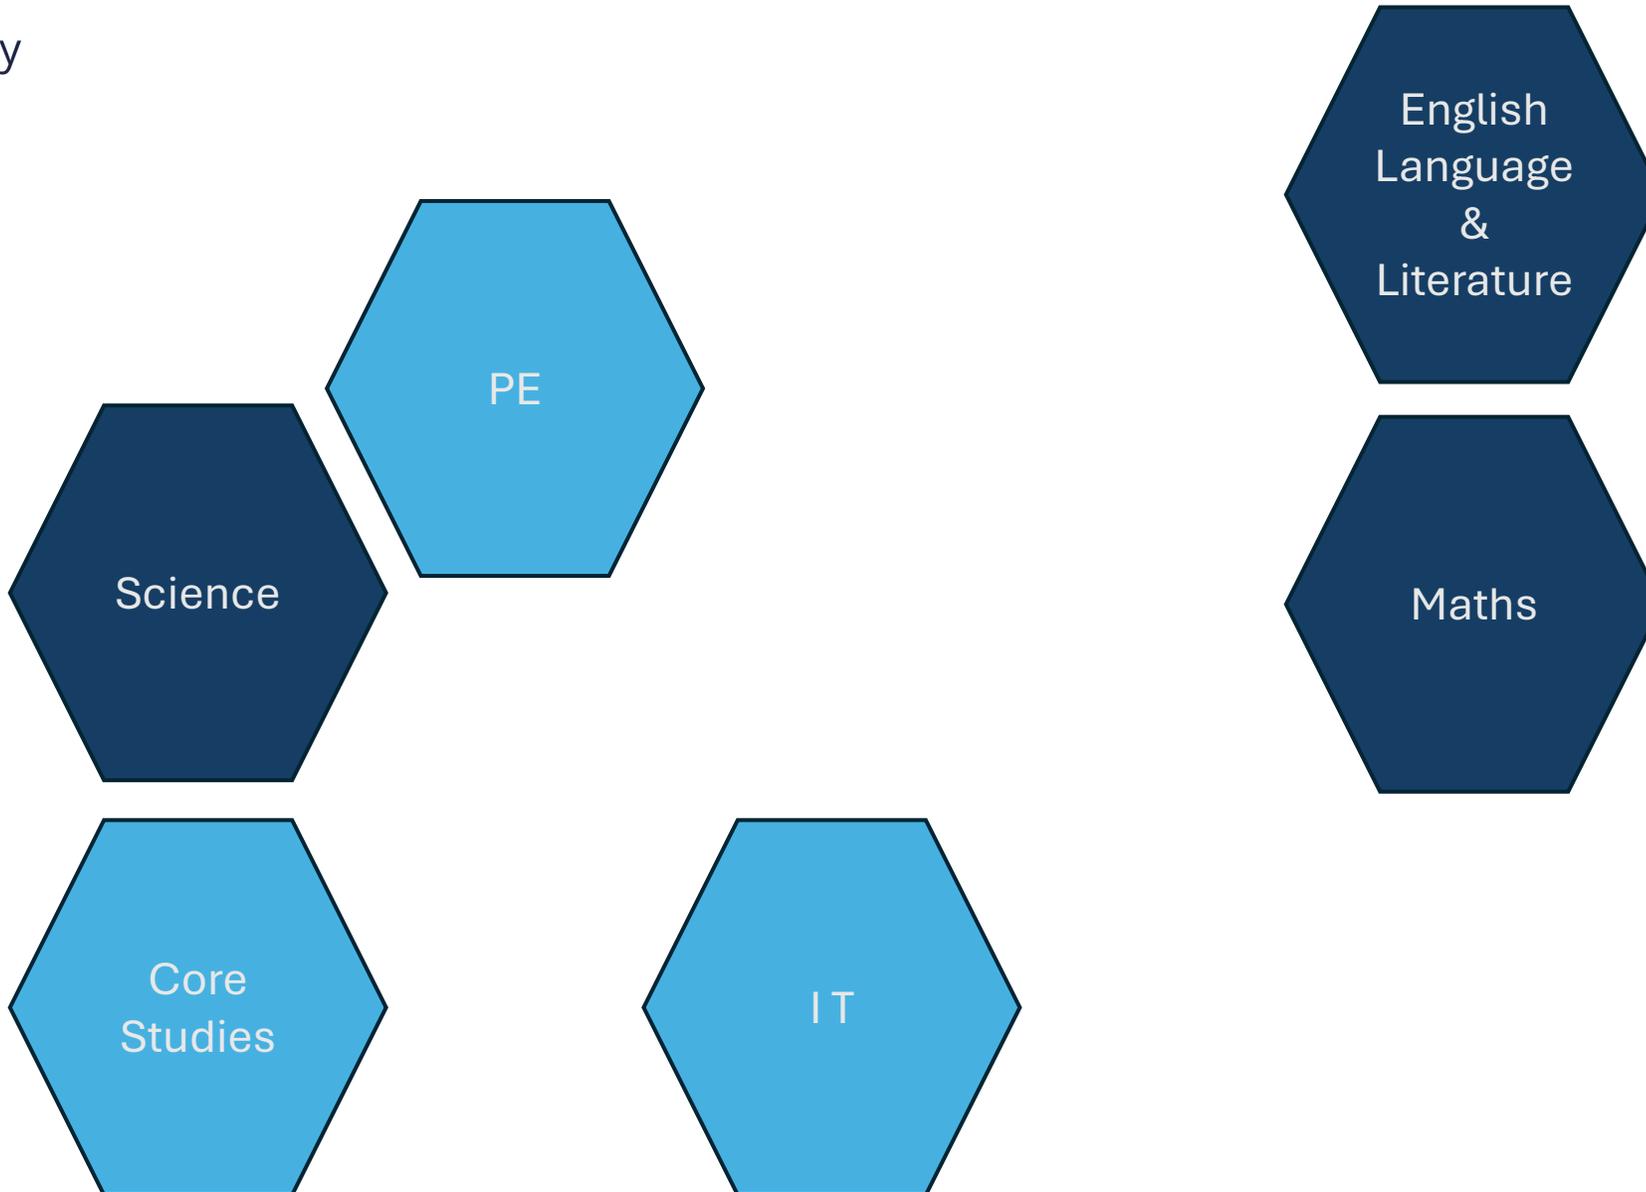

# What is the purpose of tonight?

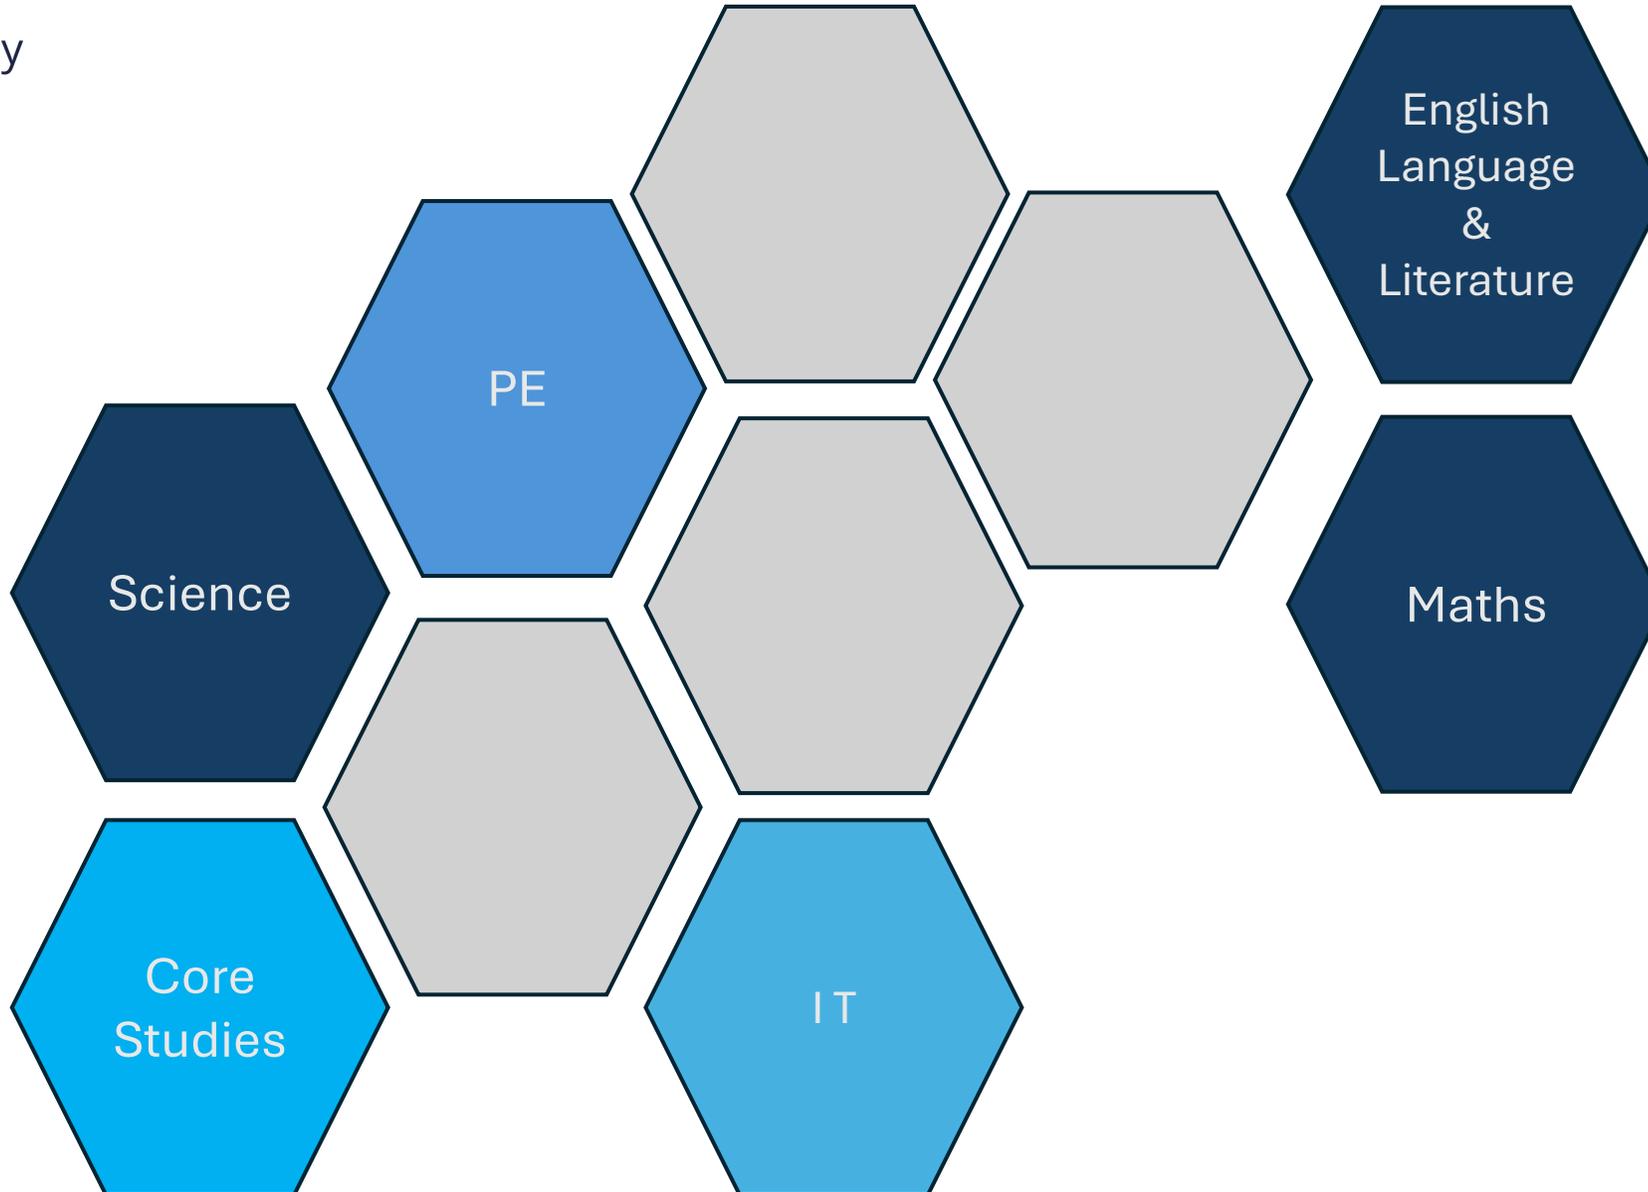

- To help you understand the process behind Guided Pathways and why we try to guide some student choices
- To find out your Pathway
- To speak to teachers directly and ask questions
  - And for parents to find out how students are getting on!
- To learn more about what each subject involves and why you might choose to study it

# Core Subjects

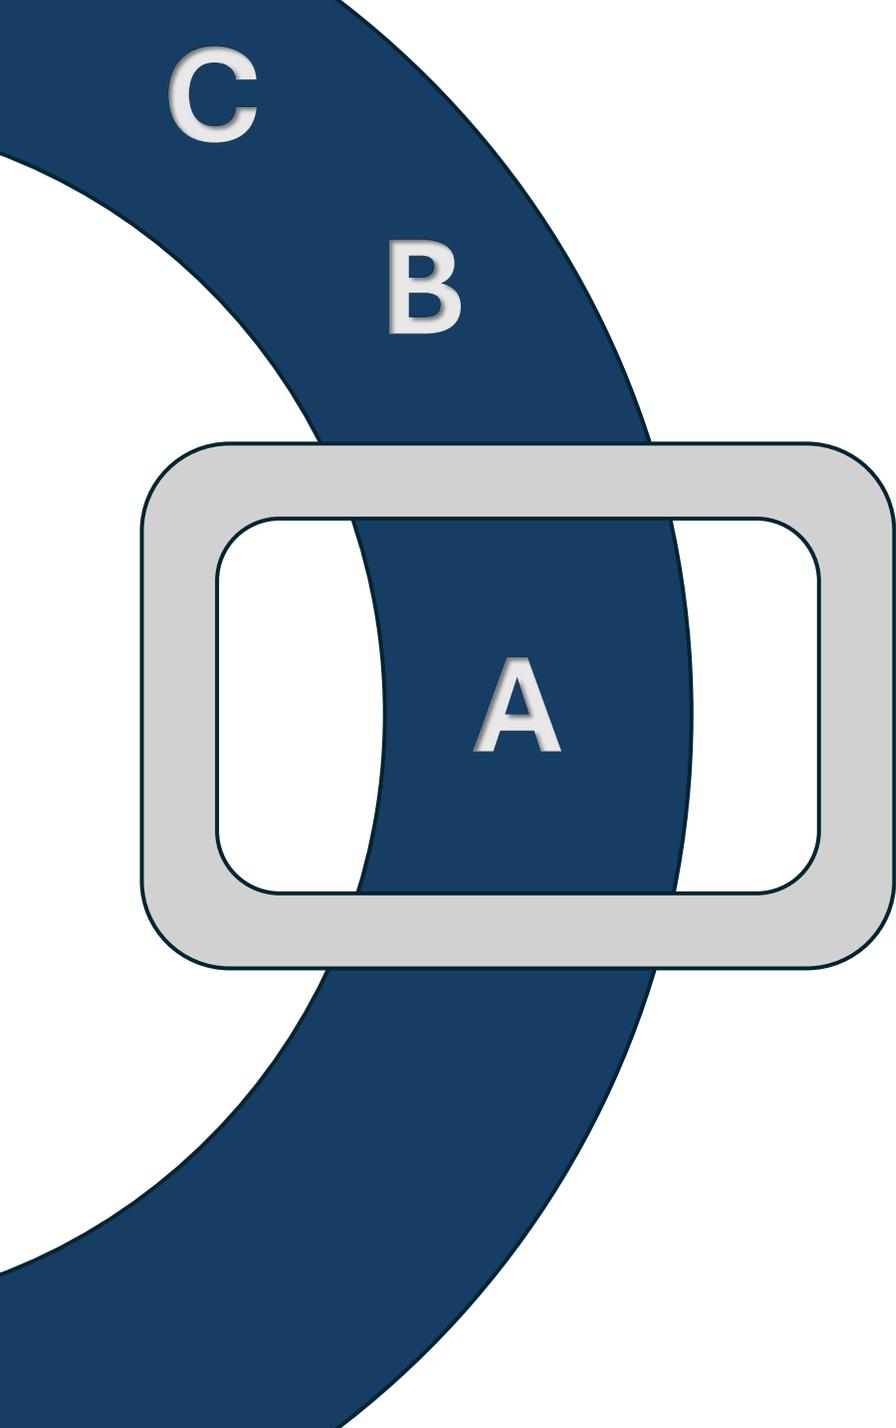

# Overall Curriculum
